**REQUEST FOR INTERIM EXTENSION OF PATENT TERM PURSUANT TO
35 U.S.C. § 156(e)(2) AND 37 CFR 1.760 DURING PENDENCY OF
PREVIOUSLY FILED REQUEST FOR EXTENSION OF PATENT TERM**

Sir:

Applicant hereby requests an interim extension of the term of subject U.S. Patent 4,911,932 during pendency of the previously filed Request For Extension Of Patent Term, pursuant to 35 U.S.C. § 156(e)(2) and 37 CFR § 1.760.

A formal application for extension of the term of U.S. Patent 4,911,932, in full compliance with 37 CFR § 1.740, was filed on April 5, 2006. The undersigned is advised that, although processing of that application is in progress, the final determination and grant of the extension will not occur before the expiration of the original term of this patent on March 27, 2007. Therefore, this request is being made for an interim extension of patent term of up to one year, or until the final determination and grant of the request for extension of patent term is made, if earlier. This request is being filed more than three

months prior to the expiration of the patent, and it is expected that the extension of term will be well in excess of the up to one year interim extension requested herein.

The Commissioner is hereby authorized to charge any additional fees which may be required, or credit any overpayment to Deposit Account 50-0310 under Client Matter No. 054824-0006.

Please continue to address all inquiries and correspondence relating to this application for patent term extension to:

Donald J. Bird
